

To whom it may concern,

I have had the pleasure of having Michelle Reinaga as a student in my tenth grade English class in the past, 2014-2015. I have also worked with her as her coach on the Washington Union Girls Tennis team. I am more than delighted to write a letter of recommendation for her. Miss. Reinaga is a bright young woman who is full of initiative and drive. It has been wonderful watching Michelle grow into a responsible and hardworking young woman. I am confident that she possesses the skills and motivation necessary to be a positive attribute to any team that is lucky enough to have her. Miss. Reinaga has set her goals high and achieved acceptance into CSU Los Angeles, so that she can pursue a career in nursing. Michelle is also a part of AVID at Washington Union High School and believes that being an involved student is important. As noted in her resume, Michelle has taken a huge initiative to be involved in several community service organizations. This demonstrates her amazing work ethic and motivation to pursue experiences that will benefit her future as an employee. I would highly recommend Miss. Reinaga for the job position that she desires and is seeking. She would be an asset to any team.
