To Whom It May Concern:

I am writing this letter of recommendation for Michelle Reinaga. Michelle took my English 9 and 11 courses at Washington Union High School.

Michelle did very well in both of my classes and is ranked #11 in a class of 224 with a 3.9 GPA. She pushes herself to be involved and successful at our school: enrolled in 2 specialized programs (AVID & Health Institute), various honors/AP/college level courses, 2 sports, clubs, and community service.

Over the years, Michelle has stood out for her determination to succeed in her academic endeavors. Her academic success not only comes from her love of learning, but also because of her dedication to her career goals. She wants to go away to a UC college where she learn and pursue a career in pediatrics. Her career choice is not just because of her talents and interests, but also because she wants to return and give back to the Fresno community.

Since her freshman year when I met her, Michelle's character is consistent and unwavering, a very mature trait for a teenager. She is respectful, caring, determined, and humble. Her sophomore year, she won a brand new car in the local Annual 4.0 & above GPA Program. Most students her age would have been overwhelmed with excitement or have been boasting around school. However, Michelle only brought it up when asked and would modestly explain that it would be useful for her in the future.

I believe that Michelle will look for opportunities to succeed in the future and be successful in whatever career field she chooses.. I highly recommend her for any college or job and I can provide you with more information using the contact information above.

Sincerely,

Elaine Madrigal
English and Journalism Teacher
